

Turnkey Implementation Toolkits

NAPE's series of turnkey implementation toolkits provide research-grounded strategies and processes designed to equip educators with new tools to reach, teach, and guide every student to realize their potential. Each of the toolkits also serves as a workbook for an accompanying professional development workshop led by Certified Equity Instructors.

Infographic Posters

NAPE's series of infographic posters are captivating visual aids and tools for both educators and students. All strategies and designs are research-based. Posters are laminated.

Cards for Students

NAPE's series of cards are designed to promote strong student self-efficacy and interest to pursue STEM careers. Each is grounded in research on self-efficacy theory, work values, and effective messaging.

ORDER
online
by mail
by phone

NAPE provides services and resources for educators to increase the success of every student.

To order resources, go to napequity.org. In addition, you can order by phone, fax or mail. Include quantities of each product, name, shipping address, phone number, email, and payment information.
